

Chapter 1

Luke and Johnathan had finally beat *Super Mario World* so they started *Super Mario Bros 3*. “Luke, stop being that guy who makes his friend do all the hard levels,” cried Johnathan.

“Never,” said Luke. Suddenly the tv switched from *Super Mario Bros 3* to the villain alarm system, “BLEEP BLEEP,” said the tv. “We have to change that,” said Luke. “Whatever, Luke, let’s go,” replied Johnathan. “Fine,” said Luke.

Chapter 2

When they got to the crime scene, Black Shadow waited silently in the shadows while Blue Bolt charged the mysterious villain to knock him into Black Shadow's awaiting headlock just as he disappeared and reappeared behind Blue Bolt and slapped him aside.

“WHERE IS THE ONE CALLED, BLACK SHADOW,” boomed the dark villain. “Right here villain,” said Black Shadow as he punched the villain and sent him flying.

"HA HA HA, SO YOU ARE ALMOST AS POWERFUL AS ME," said the darkness. "Who are you, show yourself," said Black Shadow. "AS YOU WISH," boomed Dark Shadow.^[G1]

Chapter 3

"What, how can you exist?" asked Black Shadow. "I CAME WITH KLATO AND I WILL DESTROY YOU SO HE WILL HAVE NO TROUBLE COMING HERE TO DESTROY THIS WORLD," said Dark Shadow. "AND I WILL TAKE YOUR PARTNER."

"Never," said Luke. But Dark Shadow hit him so hard that he flew out of the city. "GOODBYE, BLACK SHADOW."

As Luke thought what he should do next, he remembered that Universal Labs had made a tracking system. So he sneaked in. Alert, Alert. "Who are you," asked The Bullet.

“None of your business,” said Black Shadow. “I’m making it my business,” replied the Bullet. And he charged at Black Shadow. “I’m sorry about this,” said Black Shadow, punching the Bullet in the face knocking him out.

Chapter 4

After he got the location written down, he left the tracker there and sank into the shadows.

The Shadow Realm was a weird looking place. It was like a purgatory but lots of pinks. Black Shadow had no idea why. [G2]

“Good thing that I managed to get the location,” thought Luke. When he got there he was startled when he saw Blue Bolt chained up. “Luke, you came after me!” exclaimed Johnathon. “Of course,” replied Black Shadow. “HA BLACK BABOON. I KNEW YOU WOULD COME FOR HIM,” said Dark Shadow, “NOW YOU WILL WATCH HIM DIE.”

Chapter 5

“NO,” cried Black Shadow, as Dark Shadow killed Blue Bolt. “You will pay,” said Black Shadow. And as Dark Shadow laughed, Black Shadow’s eyes shaded into a dark shade and his entire body started illuminating with black energy.

“You will pay,” yelled Black Shadow. And there was a huge explosion. It was so big, if I tried to put it in the book, the book would be larger than an encyclopedia, and Black Shadow fought Dark Shadow. “You killed my best friend,” yelled Black Shadow. Dark Shadow didn’t reply. He was too busy trying not to die.

Suddenly, Dark Shadow melted into the darkness, and Black Shadow followed. As they traveled in the Shadow Realm, Dark Shadow tried to fight but he was no match. Black Shadow threw his opponent against the wall and Dark Shadow landed in the shadow realm without any way out. And Black Shadow won. He went back to his base alone. When he got to the base, his spirits rose slightly as he saw that the heroes he had called came.^{[G3][G4]}

Epilogue

"So, how many of you will join my team?" asked Luke. Two people raised their hands, Water Lad, and Thru. "Anyone else," asked Black Shadow. Aurum reluctantly raised her hand.^[G5]

Meanwhile, Blue Bolt's dead body hung limply at Klato's feet. "Ha, we broke Black Shadow's spirits. Didn't we, Multi-Man?" said Klato. "Yes, master," replied Multi-Man. "Dark Shadow was eager to help, but he was defeated." "No matter, were you able to kill Blue Bolt?" asked Klato. "Yes. As you said my powers have grown," said Multi-Man. "Good," said Klato...^[G6]
