

Dr.Maniac and the Zombie Warriors

Chapter 1

In ancient China, there was a warrior named Chu Chi O.

"I sense there is Danger said Chu Chi O, For danger awaits us".

"What must we do master, said a student for we do not have any defenses".

"You must attack this threat said Chu Chi O and the rest of my students, follow you in battle, but when it comes we will use call the J.W team, Who stopped Evil Epic and the Buzzard," answered Chu Chi O.

So the students attacked the threat which is the Zombie Man who turns people into zombies.

So when Chu Chi O's students attacked they were turned into zombies.

"No said Chu Chi O, we are in danger, China is in danger".

Chapter 2

The call turned out to be the Phantom Ghost, who was the one who formed the J.W team.

The Phantom Ghost went inside Bobby's house and said: "China is in danger only you can stop it."

"Okay said Bobby, I'll be right back" So he went into the other room and changed into Dr.Maniac.

"Okay tell me more," said Dr.Maniac who stepped out of the room and joined the Phantom Ghost.

"The threat is the Zombie man," said the Phantom Ghost.

"The master of the group will have some things to give you" continued the Phantom Ghost.

"What are they," asked Dr.Maniac. "The sword of justice, the shield of liberty, and the nunchucks of craziness" answered Phantom the Ghost.

"And I personally have something for you belts" said Phantom the Ghost.

"WHAT, ARE YOU NUTS shouted Dr.Maniac YOU THINK BELTS ARE GONNA STOP THIS ZOMBIE GUY".

"Not just any kind of belt said Phantom the Ghost these are going to protect you and your team from becoming zombies.

"Okay I'm ready," said Dr.Maniac. "Not yet you have to call the J.W team".

"Okay, hey guys who want to go to china," asked Dr.Maniac.

"We do" answered the team.

Chapter 3

"So what's going on," asked Archio. "No time to explain," said Dr.Maniac.

So the team got on their speed boats and zoomed to
China.

When they got there. An Attack was waiting for
them.

“Shoot” ordered Zombie man. And the cannon shot
straight at Starco like a speeding bullet.

But Starco threw a star ring at the cannon. And it
exploded. “BOOM” went the cannon.

“Take out the old 4.7 trick F on the keyboard”.
Ordered Dr.Maniac the team did it and all the
cannons sunk into the Ocean.

“What said Zombie man, you'll pay for that”.

After the battle was done. The team heard a voice.

"Hello J.W team it is I," said the voice. "Who are
you?" shouted Dr.Maniac.

"My name is Chu Chi O," said Chu Chi O. "Master is
that you?" asked Quidondo.

But Chu Chi O did not answer instead he said “I
have something for you”. And he lifted up three
things. The sword of justice, the shield of liberty, the
nunchucks of craziness.

Then he spoke again "The sword of justice goes to Quidondo. The shield of liberty goes to Starco. And last but not least is the nunchucks of craziness goes to Dr.Maniac."

"Now go and find him," said Chu Chi O.

So they went on their speedboats and looked for Zombie Man everywhere.

Chapter 4

"Let's split ordered Dr.Maniac Archio you go west. Starco you go east. Quidondo you go south. And I'll go north. Remember if you come across anything call me.

Meanwhile in the China temple. "Those Maniacs they don't even know I'm the Zombie man," said the Zombie man.

"Evil Epic I tricked the J.W team," said Zombie man.

"Good Zombie man," said Evil Epic who just got done eating a pizza.

Back at the sea looking for Zombie man. A man eating shark came out of the water. With loads and loads of zombies who looked at Quidondo and said "Help us."

"We know who Zombie man is Chu Chi O" said the zombies. So Quidondo contacted Dr.Maniac. "Chu-Chi O is Zombie man," said Quidondo. "Great work go teach him a lesson with that sword of justice" ordered Dr. Maniac.

So Quidondo did as he was told. And when he got there he hopped on top of Zombie man's head and kicked him. And with that, they were teleported onto a planet call tootsie world.

"You think you have a chance of stopping me, think again," said Evil Epic. And Zombie man turned into a balloon and popped.

So Quidondo took the sword of justice out and
whacked it at Evil Epic.

Evil Epic immediately turned into dust. Quidondo
took out a dustpan and a broom. ,
